Let your journey of a lifetime begin ...

'It's not where we go in life but who we travel with.'

Let your personal, highly experienced Namibian tour guide take you through this breathtaking country in a comfortably, air-conditioned 4x4 vehicle (incl. roof tent), and find yourselves fascinated by the magnificent, colourful diversity of habitats, possible activities, and cultures. With a carefully selected mix of fantastic campsites, lodges, and additional activities (outdoor, conservation, etc.) you can look forward to a wonderful balance between adventure and comfort, with time for privacy and culinary highlights. If you prefer staying at lodges only – also possible! Within 14 days, you can thus experience the diverse facets of Namibia on an impressive tour that will remain with you as wonderful memories for a lifetime – perfect for your honeymoon!!
